-  Find feedback-rated moving companies in your area using uShip.com
-  Call your new unit's headquarters in advance about the possibility of receiving Permissive-TDY upon your arrival. Many units in the military provide these "freebie" days to new/incoming members to allow them additional time to find appropriate housing and living arrangements.
-  Take note of your report date on your orders and plan to arrive a few days ahead of time. This allows you to comfortably move in and get settled before having to report in. Also keep in mind that Permissive-TDY is never guaranteed.
-  [Verify your military affiliation](#) with a TroopID account to be eligible for any military discounts offered by moving companies on uShip

- Confirm your insurance coverage and make sure you're up to date on vehicle and accident insurance

-  If you're using a trailer to move yourself, make sure your insurance covers that as well

- Calculate the exact weight of your vehicle using a certified scale

- Keep track and save all receipts related to moving expenses

-  In order to receive any reimbursement for your move, you must keep track of all expenses.

- You have up to 45 days to submit your claim and settlement for full reimbursement upon arrival to your new PCS location. You will need the following to submit the claim at your new Transportation Office:

- I. Copies of all receipts, moving expenses
- II. Rental contracts from moving service-provider
- III. Copies of weight tickets
- IV. DD Form 2278
- V. PCS Orders
